## OBJECTIVE

I hope to work with an organization that promotes natural history and wildlife conservation by assisting with visual development and field research.

## ART + BIOLOGY EXPERIENCE

**Toledo Zoo, Toledo, OH**

**June 2017 – Present**

*Exhibit Technician*

Design, build, and install elements for various projects. Repair exhibit elements as needed, specializing in paint touch-ups for murals and animal sculptures.

**Wood County Park District (WCPD), Bowling Green, OH**

**April 2017 – Present**

*Illustrator, Designer*

Design consultation, provide sketches, and create final designs for illustrative framing and content elements for 12 interpretive signs within the WCPD.

**ART+BIO COLLABORATIVE, Puerto Rico, Texas, New Mexico**

**March, July 2016**

*BioArtist through ISLAND LIFE and DESERT LIFE programs*

Created field sketches, drawings, watercolor paintings, floral and botanical illustration, nature photography, and on-site BioArt installations. Conducted animal behavior observations, species identification, ecological sampling, UV light nocturnal insect and arachnid collecting, and nature journaling. Camped, hiked, traveled, and explored various terrain types and habitats of Puerto Rico, South Central New Mexico, and West Texas.

**BGSU Department of Biology, Bowling Green, OH**

**May – July 2016**

*Illustrator, Web Designer with CURS (Center for Undergraduate Research and Scholarship)*

Proposed, planned, and executed the redesign and update of the BGSU Herpetarium's website. Created promotional trading cards for the Herpetarium using watercolor, ink, and digital techniques.

**NASA ICESat-2 Public Education and Outreach, Bowling Green, OH**

**August – December 2014**

*Creative Strategist, Visual Designer*

Developed animation, game, interactive display, and app project ideas to promote public awareness of NASA's ICESat-2 satellite. Led groups of 2-3 members as project leader to expand original ideas, and participated as a member of creative teams for development and final output. Created prototypes using Maya, Photoshop, and After Effects.

**BGSU Department of Biology, Bowling Green, OH**

**May – July 2013**

*Summer Researcher with SETGO (Science, Engineering & Technology Gateway Ohio)*

Completed an independent research project with Crested Geckos. Communicated with faculty to gather feedback that aided in creative problem solving. Designed a professional presentation poster to display work in a visually pleasing manner. Presented project to the public at concluding science fair with 100+ people in attendance.

## EDUCATION

**Bowling Green State University (BGSU)**, Bowling Green, OH

December 2016

*Bachelor of Fine Arts: Digital Arts*

*Minor: Studies in Natural History*

GPA: 3.96
